INSTRUCTIONS

1. Start by painting the pumpkin base and lid with 3 coats of orange using a fan brush.
2. After the lid dries we will paint the stem with 3 coats of Gumdrop using a medium brush.
3. When the base is dry, use your medium brush to apply the eyes using 3 coats of Licorice.
4. For the mouth, use 2 coats of Licorice and your detail brush.
5. Finally, use the stick end of your detail brush and dip it into the Snowflake paint. Stamp a dot on each eye to make a little sparkle.

TIPS

- 3 coats of paint will give you nice solid colors.
- Don't be too stressed about the eyes being perfect, we are going for cute and quirky
- The harder you push down on the brush, the thicker the line will be. So, on the smile keep the brush straight and don't press down to get the finest lines.
